DALE BENSON, A.A.P.G. REP.

Mr. Leslie Bowling
510 California Building
New Orleans, La.

Dear Mr. Bowling,

On Friday the Corpus Christi Geological Society voted unanimously to be host to the Second Annual Meeting of the Gulf Coast Association of Geological Societies in 1952.

Mr. Bill Wallace and I have worked through the Chamber of Commerce here, which handles the conventions, and we now have a minimum of 350 rooms confirmed at the Driscoll, Plaza and Nueces Hotels alone, excluding suites. The convention date is November 6, 7, 8, 1952, and the headquarters hotel will be the Driscoll Hotel.

During our last conversation, I believe it was your suggestion to plan an early meeting of the GCAGS representatives for the purpose of setting up committee heads, which I hope to do in early December after receiving your records. Please advise of any other suggestions you may have.

Yours truly,

W. M. Chaddick Jr.
