Dear Mr. Bowling:

It is my understanding that the Geological Societies of Louisiana, Mississippi and Texas will meet in New Orleans, La., November 14-17, 1951.

I would like, if possible, to secure a list of the membership from Louisiana in order that we may contact them and assist with their travel arrangements.

I do hope that you will be in a position to furnish such information.

Awaiting your reply, and with kindest regards, I am,

Yours very truly,

KANSAS CITY SOUTHERN LINES,

Asst. General Passenger Agent
