

GCAGS Journal

A Publication of the
Gulf Coast Association of Geological Societies
(Gulf Coast Section of the American Association of Petroleum Geologists)

Volume 14
2025

Editor

Robert K. Merrill

Managing Editor

James J. Willis

Special Fair Use Permission

The use of a single figure, a brief paragraph, or a single table from a *GCAGS Journal* article in another publication is considered by GCAGS to be fair usage and you need no formal permission. In that case, you should print a copy of this document and present it to your publisher. You are, however, required to provide proper citation (see Condition of Grant of Permission below). Permission for more extensive reproduction of GCAGS material can be requested via email to permissions@gcags.org.

Condition of Grant of Permission

As a condition of the grant of permission contained under the **single use only or multiple item usage**, GCAGS requires: (1) a full citation in your bibliography for each GCAGS publication from which a table or figure or text is taken; and (2) a statement or citation in figure and title captions, including (a) the author name(s) and year of original publication, followed by (b) an appropriate phrasing acknowledging the granting of permission (e.g., “*reprinted with permission of GCAGS*” or “*courtesy of GCAGS*”).

Cover: Schematic depositional ramp model of the Smackover Formation in northeastern Texas. For more information, please see Robert G. Louck’s Smackover papers herein.

Contents

Geological Description of the Lower Cretaceous Fort Lancaster Formation on the Comanche Shelf, Southern Trans-Pecos Texas: A Case Study of a Platform-Interior Transgressive-Regressive Carbonate Sequence and Subsequent Extensional and Transtensional Faulting with Karst Modification	1
<i>Robert G. Loucks, Alton A. Brown, and Christopher K. Zahm</i>	
Factors Influencing Diagenesis and Reservoir Quality in Potential Lithium-Enriched Brine Reservoirs of the Northeastern Texas Smackover Formation	12
<i>Robert G. Loucks</i>	
Evaporite Zones and Associated Dissolution-Collapse Breccias in the Upper Jurassic Smackover Formation in Northeastern Texas: Are they a Concern for Heterogeneity?	23
<i>Robert G. Loucks</i>	
Stratigraphic Evolution of Fluvial-Dominated Deltaic and Wave-Modified Shoreline Systems in the Eocene Yegua Formation in Northern Jim Wells County, South Texas	36
<i>William A. Ambrose and Harold H. Rogers, III</i>	
Maximizing Value from Drill Cuttings: A Case Study in the Eagle Ford Using Robotic XRF Logging	59
<i>David Tonner and Andreina Liborius</i>	
Geomorphic Evolution of the Paleogene Yoakum Canyon in the Northern Gulf of Mexico: Relationship with Coeval Wilcox Deltas and Implications for Basin Floor Fans	76
<i>Mariana I. Olariu and Cornel Olariu</i>	
Geologic Models Underpinning the 2024 U.S. Geological Survey Assessment of Undiscovered Oil and Gas Resources in the Hosston and Travis Peak Formations of the Onshore Gulf Coast Region, U.S.A.	87
<i>Lauri A. Burke, S. T. Paxton, S. A. Kinney, N. J. Gianoutsos, R. F. Dubiel, and J. K. Pitman</i>	

GCAGS Executive Committee (2025–2026)

President	James Willis
Vice President.....	vacant
General Chairman.....	Mark Wojna
Treasurer.....	Bryan Guzman
Past President.....	Hunter Carr
Interim Executive Directors.....	Mike Erpenbeck and James Willis

GCAGS Journal Editorial Board (2025)

Editor

Robert K. Merrill, Catheart Energy, Inc., Sugar Land, Texas

Managing Editor

James J. Willis, Applied-Geoscience, LLC, St. Martinville, Louisiana
